RE: APPLICATION FOR PERMIT NO. 36-0242

Dear APPLICANT:

Due to the Swan Falls litigation, Department approval of the enclosed application may have been delayed. The Department is presently reviewing your application and may authorize the proposed development.

The purpose of this letter is to determine: (1) if you are still interested in developing the project, and (2) the extent of development if any, that has already occurred under the application. Enclosed are two forms requesting information which will help the Department expedite the processing of the application.

1. If you have abandoned or have no interest in continuing with your plans for development of the project, please complete the enclosed withdrawal form and return it to the Department. If you request a withdrawal of the application and the application was not previously advertised, the department will refund your original filing fee.

2. If you wish to continue with your proposed development plans, or have completed all or a portion of the proposed development before October 1, 1984, then you must complete and return the enclosed questionnaire. You may use the questionnaire and enclosed application to make any comments &/or amendments concerning the application. Your completion of the questionnaire will expedite processing and help the department determine if the water diverted under the application is public water or trust water. Approved trust water applications may be subject to additional conditions.

Failure to return either of the above forms within thirty (30) days of the date of this letter is cause for the Department to void the application.

Please be further advised that if any undeveloped portion of your proposed project is greater than 200 acres, the Department will issue a notice requesting additional information as required by Water Appropriation Rule 4.5. (in particular, Rules 4.5.3. thru 4.5.3.5, apply to your project if it is more than 200 acres).

Attention: Mr. Gary Spackman, Manager
Water Right Permits Section

Dear Mr. Spackman:

In regards to your certified letter dated August 14, 1990 and as per your directive in our conversation this date by telephone the Wendell Cemetery District makes a request for a hearing to reconsider your decision to void our Application for Permit No. 36-8242.

We did not receive either of the notices that were mailed to us as indicated in your "Order Voiding Application For Permit" paragraph 2, (May 4, 1990) and paragraph 3, (June 7, 1990). The certified letter that I signed in behalf of the Cemetery was addressed to L.W. (Bill) Parr who passed away in the spring of 1987. I assume previous letters were sent to his address and not forwarded onto us.

The Wendell Cemetery District is currently using a well that was installed when the application was originated in 1984 and is relying solely on this source for watering the cemetery's 10 acres of lawn. It is imperative that this source be allowed to continue in order to maintain the grounds.

Please notify us as to the procedure you require for the Cemetery to be granted a hearing to rectify this matter as soon as possible.

Thank you for your time and consideration in our behalf.

Sincerely,
