RE: Permit No. 95-1320
13120

Dear Darla Block,

I received a letter from you dated Sept 30, 2011 in reference to my beneficial use permit issued by Keith Franklin Sept 9, 2010, receipt no. NO25291. The system was completed approximately in the summer of 1979, it is a lake water system meeting all requirements by H2O Well Service at that time. It was my understanding that your department was updating permit on an existing system.

Thank you for letter, I hope this letter helps clarify that the permit is for an existing system that has already been completed. Let me know what else I can do to help.
