RE: Permit No. 79-14238

Dear Ms Block:

This letter is to advise you that we are ready for field examination which will confirm the usage of the water diversion from Elfer's creek.

The poles for the garden are in the ground and the soil has been ditched in for the intended planting which is ready for your inspection.

In the mean time the diversion 1 ½ inch line is operational from it's site in Elfer's creek.

Our intent is to do the garden fencing and planting in the spring time.

Please plan your site confirmation visit some time before November 2011 since we plan to leave the cabin for the winter about the second week in that month.

Sincerely,

Reginald D. Rice
Shirley J. Rice
