RE: Water Right Permit No. 45-7659

Dear Permit Holder:

The Department of Water Resources has received your application to amend Permit 45-7659 and the filing fee of \$50. Receipt C093689 is enclosed.

Unfortunately, in my letter concerning the need for the amendment, I failed to account for the recent change in filing fees passed by the 2011 legislature. Effective July 1, 2011, the statutory filing fee for an application to amend a permit is \$100. Please submit the difference of \$50 within 14 days.

Secondly, the field examiner measured the water use in connection with permit 45-7659 at 1.13 cfs. The corresponding license examination fee (fee schedule enclosed) is \$125. However, in 1993, the former right holder only submitted \$100 in connection with the examination fee. If you want your water right license to reflect the 1.13 cfs allowed under your permit, you must submit an additional examination fee of \$25 plus the late penalty of \$25. If I don't receive the \$50 in addition to the \$50 for the amendment fee, the license will be issued for 1.0 cfs.

In summary, please submit \$50 for the amendment fee. If you'd like a greater diversion rate as described above; an additional \$50 is due (\$100 altogether).

I apologize for the inconvenience of having to respond twice and appreciate your patience with this matter.

If you have any questions please call me at (208) 287-4944 or you may email me at Cherie.Palmer@idwr.idaho.gov.

Sincerely,

Cherie Palmer, Sr. Water Resource Agent
Water Allocation Bureau
