CONDITIONS OF APPROVAL

1. Place of use is within the service area of the City of Emmett municipal water supply system as provided for under Idaho Law.
2. A map depicting the place of use boundary for this water right at the time of this approval is attached to this document for illustrative purposes.
3. When ordered by the Director, the right holder shall provide mitigation acceptable to the Director to offset depletion of lower Snake River flows needed for migrating anadromous fish. The amount of water required for mitigation, which is to be released into the Snake River or a tributary for this purpose, will be determined by the Director based upon the reduction in flow caused by the use of water pursuant to this right. Any order of the Director issued in accordance with this paragraph shall be in conformance with applicable rules allowing the right holder due process as the need for mitigation and the amount of mitigation are determined.
4. This right does not grant any right-of-way or easement across the land of another.
5. Rights 65-10, 65-16, 65-17, 65-19, 65-7341, 65-7520, 65-12729 and 65-13805 when combined shall not exceed a total diversion rate of 17.1 cfs.
6. The point of diversion listed above is also known as Well #9.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code. The water right confirmed by this license is subject to all prior water rights and shall be used in accordance with Idaho law and applicable rules of the Department of Water Resources.

Signed this 15th day of September, 2011.
