Re: Horizon Organic Dairy

Dear Mrs. Van Bussum:

At your request, a review has been performed for the Horizon Organic Dairy water rights previously submitted for lease to the Idaho Water Supply Bank. It was discovered that the irrigation practices had changes since the original lease applications were submitted to the Idaho Water Supply Bank in 2006. As a result of this analysis, the lease applications for 36-2248, 36-2249 and 36-7688 are not to be processed by the Idaho Water Supply Bank. The lease applications for water rights 36-8402, 36-2430 and 36-8008 have been amended to lease 26.9 acres to the Idaho Water Supply Bank. The lease applications for water rights 36-2254A and 36-2284 have been amended to lease 184.2 acres to the Idaho Water Supply Bank.

It is desired by Horizon Organic Dairy to extend the lease period of water rights 36-8402, 36-2430, 36-8008, 36-2254A and 36-2284 to extend through the 2016 growing season. Lease term extension forms for each of these water rights are attached to the amended lease applications. A check from Brockway Engineering for \$1000.00 will cover the fee to extend the lease term of these water rights.

Horizon Organic Dairy would like to rent 57.0 acres from the fore mentioned water rights. This will provide sufficient irrigation water to cover farmable acres that are currently not covered by a water right.

A change of ownership form has been submitted to the Southern Idaho Department of Water Resources for water right 36-8402. The current listed owner is H & S Farms Inc. It is unclear why the ownership change had not previously occurred.
