provide the necessary mitigation for any increased depletion to connected reaches of the Snake River that would result from each individual transfer. These transfer approvals shall not require mutual dependence for ongoing mitigation.

Any future action, including a subsequent transfer of this right or an order rescinding a transfer approval, which would result in a change to the point(s) of diversion under this right may require mitigation for the effects of the change. Such future action to change the point(s) of diversion under this right shall be analyzed for effects to connected reaches of the Snake River based on the priority date, point(s) of diversion and steady-state quantity as authorized for this right.

8. This right does not grant any right-of-way or easement across the land of another.
9. The right holder shall accomplish the change authorized by this transfer within one years of the date of this approval.
10. Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
11. Pursuant to Section 42-1412(6), Idaho Code, this water right is subject to such general provisions necessary for the definition of the rights or for the efficient administration of water rights as may be determined by the Snake River Basin Adjudication court at a point in time no later than the entry of the final unified decree.

This water right is subject to all prior water rights and shall be administered in accordance with Idaho law and applicable rules of the Department of Water Resources.
