RE: Water Right 65-3336, 65-3337, 65-3338, and 65-3339

Dear Mr. and Mrs. Sawyer:

The Department of Water Resources is in receipt of a Notice of Abandonment of Water Right submitted by Larry Sawyer for water rights 65-3336 and 65-3337, and a Notice of Change in Water Right Ownership submitted by Harley and Winifred True for all of the water rights listed above.

I am returning the notices of abandonment as it is not clear what your intentions were. You state you are the owner of the entire right when, per the warranty deed dated April 8, 2011, a portion has been conveyed to Harley and Winifred True. Also you state that you abandon all of the water right. If you truly intend to abandon your portion of the water right, the form would need to be completed by Millie Sawyer as well.

Water right 65-3337 is appurtenant to 3.2 acres of the True property and the remaining 6.8 acres is appurtenant to your parcels. Water right 65-3336 is appurtenant to 1.8 acres of the True property and the balance of 1.2 acres is appurtenant to your parcel. There are no other water rights appurtenant to this portion of your parcels.

The water rights do have priority dates from the 1940s and are of value to your property. If it is truly your intention to give up 6.8 acres of irrigation for water right 65-3337 and 1.8 of irrigation for water right 65-3336, please complete the enclosed Notice of Abandonment forms with that specific information. It must be completed and signed by both water right holders (Larry and Millie Sawyer). You would no longer be able to irrigate the portions of the parcels covered by these water rights.

Please let me know if you wish to retain your water rights or if you would like to abandon your interest in these water rights within 30 days of the date of this letter. If you have any questions, you may reach me at 208-287-4952.

Sincerely,

Emalee Rushing
