RE: Permit No. 55-7461

Dear Permit Holder:

The Department of Water Resources has received your letter requesting that the condition concerning trust water be removed.

The next step in the process of developing a water right is for the department to conduct a field examination to confirm your beneficial use. The field examination should be conducted in the 2012 irrigation season. Once the field examination is conducted and water use has been verified, a water right license will be issued. Your request to remove the trust water condition will be addressed at the time of licensing.

Please feel free to contact me if you have any questions regarding this matter.

Sincerely,

A handwritten signature in black ink, appearing to read 'Shelley W. Keen'. The signature is fluid and cursive, with the first name 'Shelley' being more prominent.

Shelley W. Keen, Manager
Water Right Permits Section
