RE: Permit 63-31208

Dear Mr. Odiaga:

We are preparing the above referenced permit for licensing and find that we need additional action from you before we can proceed.

Upon review of your well log we found that the drilling permit was issued to drill a domestic well. In order to upgrade the well, to an irrigation well, we require an upgrade fee of \$125.00. The drilling permit fee paid in September of 1999 was \$75.00 for a domestic well. The fee for a drilling permit for a well to be used for irrigation purposes is \$200.00. Since only \$75.00 was previously paid, we request that you submit an additional \$125.00 to upgrade the drilling permit fee. Please note on your check that the money is for "Well Tag No. D0000777". If you do not upgrade the drilling permit fee, we may withhold licensing of your water right.

Please submit the requested fee for processing to continue. You may seek additional time to provide the fee by making a written request to interrupt processing for up to six months. Your response including the fee or a request for more time to seek the fee must be received within 30 days of the date of this letter, or by October 28, 2011. The permit may be voided without a timely reply.

If you have any questions regarding this matter, please do not hesitate to contact me at (208)334-2190.

Sincerely,

A handwritten signature in cursive script that reads "Kelly K. Christensen".

KELLY CHRISTENSEN
Sr. Water Resource Agent
