RE: Notice of Change in Water Right Ownership

Dear Water Right Holders:

The department acknowledges receipt of your Notice of Change in Water Right Ownership. You listed two water rights on your notice. Water right 45-7552A is partially appurtenant to your property and there was no record of water right 45-891. I did find that water right 45-7455 is also partially appurtenant to your property.

As it appears that Bruce Turner no longer has an interest in the property, I updated the ownership to show Bruce Turner as an original owner of water rights 45-7455 and 45-7552A, and added Kenny and Tammera Koepnick as current owners. Mark Darrington will remain as a current owner until a Notice of Change in Water Right Ownership is submitted for his parcel. I have enclosed water right reports showing the updated ownership.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice, the department does not review the history of water use to determine if the right has been forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Sections 42-222 and 42-223, Idaho Code.

Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact this office if you have any questions regarding this matter.

Sincerely,

Emalee Rushing
Office Services Supervisor
