ACTION OF THE DEPARTMENT OF WATER RESOURCES

I, GARY SPACKMAN, of the Department of Water Resources hereby approve the
above Application for Amendment for Permit No. 22-13421 with the following:

CONDITIONS OF APPROVAL

1. To mitigate for the depletion of water resulting from the use of water under this right and to prevent injury to senior water right holders, the right holder shall cease diverting and using water as authorized by the following water rights for the purposes and amounts specified below. Moreover, the official record for the following water right will be changed to show that diversion and use of water is not authorized because the rights, or portion thereof, are being dedicated to mitigation purposes.

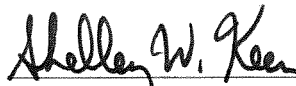

Right No.	Use Changed to Mitigation	Mitigation Rate (cfs)	Mitigation Acres
22-00153	Irrigation	0.08	3.9

The land that will no longer be irrigated under this right is located within the NESE, Section 27, Township 5N, Range 45E, B.M.

If the specified mitigation right, or portion thereof, is sold, transferred, leased, used on any place of use, or is not deliverable due to a shortage of water or a priority call, then the amount of water authorized for diversion under this right shall be reduced by the same proportion as the reduction to the mitigation rights.

2. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 01.
3. If the right holder cannot continue to implement this mitigation plan each year for any reason, the right holder shall cease diverting water under this right or the right holder shall implement an alternative mitigation plan that has been reviewed and approved by the department.
4. Wildlife storage and recreation storage uses are for a pond.
5. This Right authorizes the diversion of 12.7 acre-feet to be used for the initial filling of the pond and 7.0 acre-feet for the replacement of losses caused by evaporation.

Witness my hand this 28th day of September, 2011.
