RE: Notice of Change in Water Right Ownership
Water Rights: 34-10603, 34-13741 and 34-13743

Dear Sir/Madam:

The Idaho Department of Water Resources has recently received your Notice of Change in Water Right Ownership ("ownership change") for the water rights listed above. An initial review of the ownership change indicates that additional deeds are required before the ownership change can be completed. The department only received documentation indicating your ownership on a portion of the ground purchase. On August 3, 2011 the department contacted you requesting the additional deeds during that conversation you indicated the department received documentation for the home only and that you had purchased approximately 100 acres.

Because the Department cannot process the ownership change without proper documents/fees, we will hold any action on your ownership change pending receipt of the necessary documents/fees. If we do not receive the requested documents/fees within 30 days, we will return your ownership change and all attachments and will refund any fees paid.

Please feel free to contact me if you have any questions.

Sincerely,

Jonie Barg
Technical Records Specialist
