**RE: Water Right Decree No. 74-646D**

Dear Permit Holder(s):

On September 22, 2011, the Department received your Request for Extension of Time ("extension request") for the above-referenced Water Right Decree. A decreed water right does not require proof of beneficial use since there is no development period associated with a decree. Only a water right in the "permit" stage requires proof of beneficial use to be submitted.

The only water right permit listed in your names is **permit no. 74-15615** for domestic use from a spring tributary to Wimpy Creek. The proof due date for this permit is August 1, 2015, and is listed on your last approved Request for Extension of Time "extension request" filed with the Department. That approved extension takes you to the end of your 10 year development period, and is considered by the Department to be the last extension request allowed.

Department policy has been to return to the requestor, extension requests which are filed more than six (6) months prior to the Proof of Beneficial Use Due Date, as they are considered premature. Since the Proof Due Date on your permit is August 1, 2015, I am returning your extension request as unprocessed.

Therefore, I will initiate the process to refund the \$50.00 filing fee you submitted. You should receive a State of Idaho check for \$50.00 within ten business days.

If you have any questions, please contact me at (208) 287-4945. Additionally, you may access the Department's website at: [www.idwr.idaho.gov](http://www.idwr.idaho.gov)

Sincerely,

Darla Block  
Technical Records Specialist
