RE: Change in Ownership for Water Right No. 95-7045

Dear Jacklin Land Co:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership. Our review of your notice indicates that additional information is required before we can process the change.

- The signature of the current owner is required on the Notice of Change in Water Right Ownership.
- The Notice of Change in Water Right Ownership indicates that you want the ownership changed to Jacklin Land Co. The Quitclaim Deed indicates the ownership changed to Jacklin Partnership. The water right is already in the name of Jacklin Partnership. Please provide a deed which lists Jacklin Land Co if you would like the water right to be in that name.
- The Quitclaim Deed submitted only covers a small portion of the water right. I have enclosed a copy of the water right for your convenience. Please submit deed(s) which covers the entire water right otherwise the water right will have to be split.
- Please provide **Plat of Property or Survey Map** (usually on file with the county).

Effective July 1, 2000, the legislature enacted House Bill No. 545 requiring a filing fee for a change in water right ownership. The fee is $25 per water right, except for ownership changes resulting in the division of a water right, which is $100 per water right. All ownership change notices received after June 30, 2000 must include the appropriate filing fees in order to be processed. We have determined that you will need to pay an additional $75 if this water right needs to be split.

Because the Department cannot process the ownership change without proper documentation and fees, we will hold any action on your notice pending receipt of the necessary information/fees. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please feel free to contact the Department if you have any questions.

Sincerely,

Emalee Rushing, Office Services Sup.
