Overlap Summary

There is only one potential overlap w/ 21-7425's PDV.

Right 21-10450 was owned by Sacksteders, who owns Lot 43 according to a breakdown of lot owners by Ammon Benson, the lot developer. In addition, the priority of 21-10450 is 10/1/1980 - the same year the well was drilled for 21-7425.

According to tract data a house was not built

on lot 43 until 2004. This either means that a right was erroneously deemed for under 21-10450 because there was not on lot 43 or it may mean the Sacksteders had more than one lot, with the second lot being in Bootjack Sub #1.

Either way the overlap is not confirmed that 21-10450 overlaps this right. Pulled claim file from SRC.
