

MEMORANDUM

Date: September 15, 2011
To: Water Right File 79-7271
From: shemenway
Re: Contact Person

When I was trying to schedule a field exam for this water right, I called Heather Killgore (208)839-2255 on 8/10/2011, who is shown as being the representative on the proof of beneficial use form. Heather stated that she was no longer the representative/contact person, and to call Mr. Halls son(s): Mark Hall (661)205-7021 markwaynehall@hotmail.com, or Wayne Hall (661)765-5505. Heather was removed from the file as being the representative. I contacted Mark Hall, who asked his dad questions about the system, and sent a spread sheet on 8/23/2011 with additional information about the system. Another contact for the property and water system is Bob Turney, the caretaker cell: (208)451-5172, and home: (208)839-2831.
