Re: Mark Brackett of Antelope Spring Ranch

Dear Mr. Merritt:

It is desired by Antelope Spring Ranch to change the place of use of water right 47-52. The attached transfer application will correctly define the place of use of the current irrigation practices and identifies 26.8 acres that will be leased to the Idaho Water Supply Bank.

The ownership, beneficial use, period of use, and point of diversion of water right 47-52 will not be changing. It is requested that the proposed transfer will not be advertised in the local news paper due to only the place of use changing.

Please copy our office on all correspondence regarding this application.

Sincerely,

Greg Sullivan, M.S., E.I.T.

Cc: Mark Brackett
