Subject: Licensing Amendment 63-31430

Craig,

Do we need to file a licensing amendment if all the homes are in the NENE? The subdivision footprint overlaps into the NWNE, however all the homes are in the NENE and the permit is for internal domestic use.

Also, it appears that Canyon County P & Z denied domestic water from the community system to the two lots north of Mason Creek. The secretary of the subdivision brought me a copy of the order, which states that lots 11 and 12 are required to be supplied domestic water from private, individual wells. As a result, the system serves 2-15, Block 1 and Lots 1-10, Block 2 for a total of 24 lots (the well is on Lot 1, Block 1). Please let me know if an amendment is needed and/or what we need to provide to you for these changes. Hope all is well. Thanks Craig.
