

STATE OF IDAHO
DEPARTMENT OF WATER RESOURCES
BENEFICIAL USE FIELD REPORT

RECEIVED

SEP 06 2011

DEPARTMENT OF
WATER RESOURCES

A Beneficial Use Field Report is prepared by a water right examiner as the result of an examination to clearly confirm and establish the extent of the beneficial use of water established in connection with a permit during the development period authorized by the permit and any extensions of time previously approved.

A. GENERAL INFORMATIONPermit No. 22-13418

1. Owner Huntsman Springs Inc. Phone No. (208) 354-9660
Current address 501 Huntsman Springs Drive, Driggs, ID 83422
2. Examiner's name Keith C Wilson, Rocky Mountain Environmental, Inc EXAM DATE July 26, 2011
3. Accompanied by Young Harvey Walker Email _____
Address 2338 N 2930 W, Arco, ID 83213
Relationship to permit holder Representative Phone No. (208) 520-7880/527-3254
4. Source Spring tributary to Sinks

B. OVERLAP REVIEW

1. Other water rights with the same place of use None
2. Other water rights with the same source and point of diversion None

C. DIVERSION AND DELIVERY SYSTEM Canvasback Pond

1. Point(s) of Diversion:

Ident. No.	Gov't Lot	1/4	1/4	1/4	Sec	Twp	Rge	County	Method of Determination/Remarks
			SE	SW	22	5N	45E	Teton	On site / IDWR Aerial Photos
									aka Canvasback Pond

2. Place(s) of Use: Method of determination On site, IDWR Aerial Photos

Twp	Rge	Sec	NE				NW				SW				SE				Totals
			NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	
5N	45E	22												W					

3. **Delivery System Diagram:** Indicate all major components and distances between components. Indicate weir size/ditch size/pipe diameter (inside), as applicable. Use the space provided or ☐ see attached.

Scale: 1" = _____

- ☒ Copy of USGS Quadrangle attached showing location(s) of point(s) of diversion and place(s) of use (**required**)
☒ Aerial photo attached (required for irrigation of 10+ acres)
☒ Photo of diversion and system attached

4.

Well or Diversion Identification No.*	Motor Make	Hp	Motor Serial No.	Pump Make	Pump Serial No. or Discharge Size

*Code to correspond with no. on map and aerial photo

D. FLOW MEASUREMENTS

1.

Measurement Equipment	Type	Make	Model No.	Serial No.	Size	Calib. Date

2. Measurements: _____

E. NARRATIVE/REMARKS/COMMENTS

Place of Use also known as Canvasback Pond. There is no surface water evident flowing into or out of the pond.

The pond is located in a marshy area with numerous seeps and springs though out the area. Due to the the nature of the marshy area there is evidence that there are springs/seeps within the footprint of the pond that would be hidden from view and can not be readily identified as points of diversion. The SESW Sec 22, T05N, R45E, should be listed as the Point(s) of Diversion & Place(s) of Use. The water in the pond is clear and would support the assumption that springs/seeps are filling the pond and water is flowing through and out of the pond. Recommended that the source of water be listed as Springs tributary to Sinks.

Has the permit holder met all conditions of permit approval, including any mitigation requirements and/or measuring device installation requirements? ☒ Yes ☐ No If no, what must be done to meet the permit requirements?

F. FLOW CALCULATIONS

☐ Additional computation sheets attached

Measured Method:

No on site measurements were taken. The surface area of pond provided by Rendezvous Engineering and the permit holder provided Maximum Depth:

Canvasback Pond Surface Acre = 3.59 acres; Maximum Depth = 14 feet

G. VOLUME CALCULATIONS

1. Volume Calculations for Irrigation:

$$V_{IR} = (\text{Acres Irrigated}) \times (\text{Irrigation Requirement}) =$$

$$V_{DR} = [\text{Diversion Rate (cfs)}] \times (\text{Days in Irrigation Season}) \times 1.9835 = \underline{\hspace{10cm}}$$

$V = \text{Smaller of } V_{I,R} \text{ and } V_{D,R} =$ _____

2. Volume Calculations for Other Uses:

Canvasback Pond Volume = (3.59 ac)(14 ft)(0.4) = 20.104 acre-feet = 20.1 ac-ft for Wildlife Storage

H. RECOMMENDATIONS

1. Recommended Amounts

Beneficial Use	Period of Use		Rate of Diversion Q (cfs)	Annual Volume V (afa)
	From	To		
Wildlife Storage	01/01	12/01		20.1 afa
	Totals:			20.1 afa

2. Recommended Amendments

- ☒ Change P.D. as reflected on page 1 ☐ Add P.D. as reflected on page 1 ☐ None
☒ Change P.U. as reflected on page 1 ☐ Add P.U. as reflected on page 1 ☐ Other
