Re: Water Right No. 94-7441

Dear IDWR

Enclosed, please find the "STATEMENT OF COMPLETION" application for the above listed Water Right for submitting proof of beneficial use.

This request is for irrigation of upland property along the North Fork of the Coeur d'Alene River. On parcel number 49N-02E-30-6775 Shoshone County, Idaho. The property is 4.3 acres.

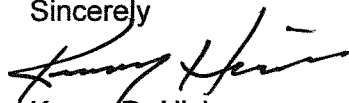

The applicant has developed the diversion system utilizing a .5 horse electric pump, equipped with a 1" inlet / outlet and foot valve to prevent any backflow. This system does have a sediment filter and exceeds minimum requirements for fish protection.

Specifications for this pump are as follows:

SPECIFICATIONS	
Power Requirements	120V / 60HZ / .05HP
Maximum Flow	600 GPH
Maximum Head Lift	115' (Output)
Rated Total Lift	65.6' per minute
Maximum Suction Lift	10' (after priming)
Inlet and Outlet Diameter	1" NPT
Speed	3200 RPM

Please don't hesitate to contact me if you have any questions or would like to discuss this application. Please contact me when scheduling an onsite inspection.

Sincerely

Kenny D. Hicks
