Re: City of Driggs Field Exam for Water Right Permit No. 22-7814

Dear Agent,

Please find enclosed a Beneficial Use Field Report completed by Paul Scoresby, P.E. for water right no. 22-7814, appurtenant to the Valley Center Well in the City of Driggs. Mr. Scoresby was accompanied by Jared Gunderson, the system operator in the inspection of the well.

We respectfully request that this water right be licensed as soon as possible. A pending transfer will be filed when this right is licensed to add all wells to all water rights in the City's municipal water supply system.

In addition, a field exam fee of \$125.00 was paid at the time Proof of Beneficial Use was submitted. We request a refund of this fee since the City hired a licensed field examiner to perform the exam.

Respectfully,

A handwritten signature in cursive script that reads "Kristin Moore".
