Jim,

This morning I signed a preliminary order correcting the annual diversion volume limit on License 37-7822. The order should go out in the mail next week.

Enjoy your time off.

Shelley,

I represent South Gimlet Water Users Association, the owner of this water right. We agree with Kelly's analysis below that a mistake was made in the diversion volume in the license. Can you please put in motion the steps required to correct it? Please let me know if you need additional information from my client.

Thank you.

Jim

I see that you are listed as the attorney for the Assn. Do you still represent them?

In working on the objection for 37-154B (claimant asserting that that right is supplemental to 37-7822) I noted what appears to be a math error in the volume calculation for that right.

The math is as licensed;

$$20 \text{ cfs} * 365 \text{ days} = 7,300 \text{ afy}$$

It should have been ;

$$20 \text{ cfs} * 1.98 * 365 \text{ days} = 14,454 \text{ af}$$

If you no longer represent them please let me know.
