RE: IRS FORM REQUEST, WATER RIGHTS 2-7064, 2-7237A, 2-10181 AND 2-10189

Dear Lessor:

The purpose of this letter is twofold: (1) to request an updated W-9 (Internal Revenue Service Request for Taxpayer Identification and Certification) and (2) to update you on the status of your water rights.

At the end of each irrigation season, we process payments to lessors. To allow us to process future payments, we need you to complete and return the enclosed W-9. The Department of Water Resources is required to file an information return with the Internal Revenue Service for all payments issued for Bank rentals. **Payments cannot be issued unless the Department has received a completed IRS W-9 form.**

Generally the name of the lessor and the name on the W-9 match. However, if they do not match in your case, you will need to provide documentation of authority to receive payment. The address associated with the water right leased to the Bank will be updated in the Department database to the address provided on the W-9 form unless otherwise requested by the lessor.

Additionally, the water rights mentioned above were leased to the Water Supply Bank in their entirety for an indefinite period. **Your water right is still considered leased to the Bank and should remain unused until you release it from the Bank.**

Please respond to this notice within 14 days with (1) a completed W9 and (2) written confirmation you wish your right to remain in the Bank, along with any additional documentation. If you have any questions or no longer have an interest in the water right, please contact me at (208) 287-4907.

It is possible you are at a new address. A people search for Connie Smith returned an address on Quincy Road in Burbank. This letter has been copied to that address.

Sincerely,

Monica Van Bussum
Sr. Water Resource Agent
Coordinator, State Water Supply Bank

Enclosure: W-9
