Greg,

A signature from John Reitsma will be needed to proceed with the amended application.

You mentioned below you do not know how long it will take to get a signature. I realize IDWR sat on these applications for sometime; however we are working hard to reduce the transfer backlog and pending transfer applications. Please provide a signed amended application within **60** days of this email, or provide a reasonable request for an extension of time to submit an amended application for transfer 73718. I will move to void/reject both transfer applications 73717 and 73718 (73717 included due to being contingent on 73718 approvable) if nothing is received.

Nick,

It is on my desk and I am trying to get it wrapped up. Do you want me to get a new signature from John Reitsma for this amended application. I do not know how long it will take to get the signature.

Hi Greg,

Thought I would touch base with you on how the second Reitsma transfer (amended), 73718, is coming along? As you probably recall, the first transfer 73717 is pending approval on getting the second one ready.
