WATER DISTRICT # 130

Re: Application for Permit No. 37-22661 (City of Carey)

Dear Watermaster:

We need your Watermaster Recommendation for the above referenced Application for Permit within your District. The application has been scanned and is available for viewing on the department's website.

Section 42-222 of the IDAHO CODE requires that the watermaster must be advised of proposed changes in water rights in the water district and must notify the Department of his recommendation on the application.

Please respond within 21 days of the date of this letter. Regional review of un-protested applications can be completed as soon as the final protest period is past; your prompt response to this request is appreciated so that your recommendation can be considered during regional review.

If after 21 days from the date of this letter the department has not received your written recommendation, the department will presume you do not oppose approval of the application and you have no comments for the department to consider.

If you have any questions about an application, please contact this office or the applicant.

Sincerely,

Trish Fawcett
