

## MEMORANDUM

**DATE:** August 26, 2011

**TO:** Water Right File 45-13900

**FROM:** Shelley W. Keen 

**RE:** License volume

---

This afternoon Eric Powell of Brockway Engineering, PLLC, called to inquire about the 2.4 AF volume limitation on License 45-13900. He indicated that the right served internal and external use at each of the four homes, so he expected the license to allow 4.8 AF.

I asked Eric to email his concerns to me. I also indicated that if review of the record supports internal and external use for four homes, the license could be replaced within 14 days under Rule of Procedure 760.
