**RE: *Signed Rental Forms for Water Rights Nos. 36-2416, 36-7002B, 36-15985,
in the Name of Telford Lands LLC.***

Dear Monica:

Thank you for your recent letter and water supply documents which we submitted on behalf of Telford Lands LLC. Enclosed are the executed rental documents, as well as the fee of \$68.32 as outlined in your letter.

Additional, we are looking at the maps you provided to us, as well as our own review of aerial photography regarding the place of use discrepancy between Telford Lands water rights as they are currently authorized, and as they are currently being used. We will likely be filing a transfer to clean up that issue.

While the lease acceptance indicates that it could be for a period of up to five years, the rental which we have engaged in for the pump test will only be for this year. My clients informed me that the pump tests have been completed, and we very much appreciate your prompt attention to this matter in order allow that pump test to go forward.

If you have any other questions or concerns, please let me know.

Best Regards,
