Hi David,

That will be fine, since I am going to be out of the office Wed. 11/10 – Friday 11/12, and returning to the office on Monday 11/15. I have the file on my desk, so keep me posted.

Thanks for the update.

Sandy

Hi Sandy,

I am probably going to take this over and try to sort it out. I will also be gone next week so the first opportunity I will have to work on it will be the week of the 15th. If there is some part of it that is time critical please let me know so we can deal with it.

Thanks
Dave
