Re: Request for Additional Information, Notice of intent to Void

This morning I spoke with Dave Shaw/ERO. Dave stated that he had called Howell Murdoch Development, but they had not as yet returned his call. I told Dave again all the questions that we had on the Application of Transfer, and told him that I would be mailing out a letter to Howell Murdoch Development requesting corrections, and additional information. I told Dave that we were placing a 30-day limit or the department would VOID the application.

A letter addressing the questions, the original application for transfer, copies of the water rights, a copy of the revised 10/09 transfer application and instructions was mailed to Kevin Howell c/o Howell Murdoch Development. A copy of all the above was mailed to Dave Shaw.
