RE: Notice of Change in Water Right Ownership for Water Right 63-31488

Dear Interested Party:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership. It appears a division of the water right is required as the deed you submitted intersects with a portion the water right. I have enclosed a map that shows the place of use for water right 63-31488 and how your lot intersects with the water right.

The fee to change the ownership of a water right is \$25 per water right, except for ownership changes resulting in the division of a water right, which is \$100 per water right. To complete the ownership change and divide the water right, the Department will need the balance due of \$75.

Because the Department cannot process the ownership change without proper fees, we will hold any action on your notice pending receipt of the necessary fees. If we do not receive the necessary fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please feel free to contact the Department if you have any questions.

Sincerely,

Emalee Rushing
Office Services Supervisor
