| 13. | 201 | The combination of changes under: Transfer approval 76778 as described under rights 25-14326 and 25-14327; Transfer approval 76804 as described under rights 29-13979 and 29-13980; Transfer approval 76805 as described under rights 35-14046 and 35-14052; Transfer approval 76806 as described under rights 36-16878 and 36-16879; Transfer approval 76808 as described under rights 21-13121 and 21-13122; provide the necessary mitigation for any increased depletion to connected reaches of the Snake River that would result from each individual transfer. These transfer approvals shall not require mutual dependence for ongoing mitigation. Any future action, including a subsequent transfer of this right or an order rescinding a transfer approval, which would result in a change to the point(s) of diversion under this right may require mitigation for the effects of the change. Such future action to change the point(s) of diversion under this right shall be analyzed for effects to connected reaches of the Snake River based on the priority date, point(s) of diversion and steady-state quantity as authorized for this right. |

| 12. | 201 | The combination of changes under: Transfer approval 76778 as described under rights 25-14326 and 25-14327; Transfer approval 76804 as described under rights 29-13979 and 29-13980; Transfer approval 76805 as described under rights 35-14046 and 35-14052; Transfer approval 76806 as described under rights 36-16878 and 36-16879; Transfer approval 76808 as described under rights 21-13121 and 21-13122; provide the necessary mitigation for any increased depletion to connected reaches of the Snake River that would result from each individual transfer. These transfer approvals shall not require mutual dependence for ongoing mitigation. Any future action, including a subsequent transfer of this right or an order rescinding a transfer approval, which would result in a change to the point(s) of diversion under this right may require mitigation for the effects of the change. Such future action to change the point(s) of diversion under this right shall be analyzed for effects to connected reaches of the Snake River based on the priority date, point(s) of diversion and steady-state quantity as authorized for this right. |
