RE: Application for Permit 67-15051

Dear Mr. Bushong:

In review of the above referenced application for permit we find that we needed to revise the form you submitted in order to clearly describe your intentions. Please note that we have included the irrigation of 2.3 acres and domestic use under item 4. If this was not your intention, you can make corrections on the form to your satisfaction. We also need to know the location of the well on your property. Please mark the location on the map attached to the form so we can insert that into our records. Review the enclosed form that was prepared for your convenience, and if you agree with the information on the form, sign it and return it to this office for processing at your earliest convenience.

We also need to know if you receive any water for this property from the Lower Payette Ditch Company or the Lake Reservoir Company. If you have any shares with these entities, please indicate that under item 11.

Upon review of your application, we found that the drilling permit fee paid in June of 2007 is not sufficient for this proposal. The fee paid was for a domestic well for one home. The correct fee for a drilling permit for a well to be used for irrigation purposes is \$200.00. Since only \$75.00 was previously paid, we request that you submit an additional \$125.00 to upgrade the drilling permit fee. Please note on your check that the money is for "Well Tag No. D0048264". If you do not upgrade the drilling permit fee, we may withhold licensing of your development in the future.
