WATER RIGHT NO. 63-3108
As Modified by Transfer No. 77271
CONDITIONS OF APPROVAL

1. The right holder shall accomplish the change authorized by this transfer within one year of the date of this approval.
2. Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
3. Pursuant to Section 42-1412(6), Idaho Code, this water right is subject to such general provisions necessary for the definition of the rights or for the efficient administration of water rights as may be determined by the Snake River Basin Adjudication court at a point in time no later than the entry of the final unified decree.
4. This right does not grant any right-of-way or easement across the land of another.
5. The right holder shall maintain suitable measuring devices on the 3 non-artesian wells used under Rights 63-3108 and 63-32115. Upon notification by the Department, the right holder shall install a suitable measuring device for the collector pipeline fed by the 15 artesian wells used under Rights 63-3108 and 63-32115. Upon notification by the Department, the right holder shall annually report the amount of water diverted under Rights 63-3108 and 63-32115 to the Department.
6. The period of use for the irrigation described in this approval may be extended to a beginning date of 3/1 provided that beneficial use of the water can be shown and other elements of the right are not exceeded. The use of water before 3/15 is subordinate to all water rights having no subordinated early or late irrigation use and a priority date earlier than 2/16/2007.
7. This right is limited to the irrigation of 114.8 acres within the authorized place of use in a single irrigation season.
8. Upon notification by the Department, Rights 63-3108, 63-32114 and 63-32115 shall be limited to the irrigation of a specific 114.8 within the 150 acre place of use authorized by these rights in a single irrigation season. If required, the specific 114.8 acres to be irrigated by the right holder shall be identified prior to use by submittal of a land list and a representative electronic shape file or by submittal of a land list and a map sufficiently detailed to allow creation of an electronic shape file to be associated with these rights in the geographic information system component of the water rights database maintained by the department. If required, before changing the 114.8 acres to be irrigated within the 150 acre place of use, the right holder shall submit a new land list and representative electronic shape file or map to the Department prior to the irrigation season in which the change will occur.
9. Rights 63-3108, 63-32114 and 63-32115 when combined shall not exceed a total diversion rate of 2.30 cfs, a total annual maximum diversion volume of 516.6 af at the field headgate, and the irrigation of 114.8 acres.
10. This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 4.5 afa per acre at the field headgate for irrigation of the place of use.
11. The following rights are diverted through points of diversion described above: 63-3108 and 63-32115.

This water right is subject to all prior water rights and shall be administered in accordance with Idaho law and applicable rules of the Department of Water Resources.

Dated this 6th day of July, 2011

WATER RIGHT NO. 63-32114
As Modified by Transfer No. 77271

CONDITIONS OF APPROVAL

1. The right holder shall accomplish the change authorized by this transfer within one year of the date of this approval.
2. Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
3. Pursuant to Section 42-1412(6), Idaho Code, this water right is subject to such general provisions necessary for the definition of the rights or for the efficient administration of water rights as may be determined by the Snake River Basin Adjudication court at a point in time no later than the entry of the final unified decree.
4. This right does not grant any right-of-way or easement across the land of another.
5. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 63.
6. The right holder shall maintain a measuring device and lockable controlling works of a type approved by the Department in a manner that will provide the watermaster suitable control of the diversions.
7. This right is limited to the irrigation of 114.8 acres within the authorized place of use in a single irrigation season.
8. Upon notification by the Department, Rights 63-3108, 63-32114 and 63-32115 shall be limited to the irrigation of a specific 114.8 within the 150 acre place of use authorized by these rights in a single irrigation season. If required, the specific 114.8 acres to be irrigated by the right holder shall be identified prior to use by submittal of a land list and a representative electronic shape file or by submittal of a land list and a map sufficiently detailed to allow creation of an electronic shape file to be associated with these rights in the geographic information system component of the water rights database maintained by the department. If required, before changing the 114.8 acres to be irrigated within the 150 acre place of use, the right holder shall submit a new land list and representative electronic shape file or map to the Department prior to the irrigation season in which the change will occur.
9. Rights 63-3108, 63-32114 and 63-32115 when combined shall not exceed a total diversion rate of 2.30 cfs, a total annual maximum diversion volume of 516.6 af at the field headgate, and the irrigation of 114.8 acres.
10. This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 4.5 afa per acre at the field headgate for irrigation of the place of use.

This water right is subject to all prior water rights and shall be administered in accordance with Idaho law and applicable rules of the Department of Water Resources.
