Re: Application for Transfer No. 77121, Water Right No. 65-3111X

Dear Mr. Allen:

Thank you for your March 24, 2011 office visit responding to my March 23 letter about your upper point of diversion identified on public land. After your visit, other department staff recalled that perhaps this diversion is on private land, not public land.

Today I completed additional research in that regard. According to the U.S. Forest Service map, the diversion is not on public land. Also, the county tax lot information states the land is owned by West Mountain Properties LLC, 5086 Debron CT, Pollock Pines CA 95726.

There is no need to contact the Forest Service for additional information. Please disregard my earlier letter about public land. Instead, please use the enclosed copy of page 3 of your application to provide an answer about access to the upper diversion located on private land. Alternately, you can visit this office again to amend your application.

As noted in my prior letter, either you or your attorney can complete this item to properly amend your application so that it can be processed. Please contact me at 334-2190 if you have any questions. Thank you for your attention to this matter.

Sincerely,

A handwritten signature in black ink, appearing to read 'Steve Lester'.

Steve Lester
Water Rights Supervisor
