Re: Request for Transfer of Ownership for Water Right 79-7089

Dear Ms. Rushing:

I am the General Manager for Idaho County Light & Power Cooperative whose office is located at Grangeville. On March 14, the Cooperative closed on the purchase of the John Day Hydro Project located on the John Day Creek tributary to the Salmon River near Lucile, ID from Mr. David Cereghino.

In our purchase agreement, Mr. Cereghino agrees to transfer the Water Right #79-7089 along with the Project, appurtenant properties and easements.

I am, therefore, requesting that the stated water right be transferred from Mr. David Cereghino to Idaho County Light & Power Cooperative Association, Inc.

I have attached Exhibit A from the Warranty Deed transferring ownership of the project. Parcel I on this exhibit provides a legal description of the property upon which the Power Station sits. The Power Station is located in a 20 x 24 foot metal building on this Parcel. GPS location of the building is WGS 84 LAT 45 35 11.5 LONG 116 16 20.3.

Additionally, I would request that the property described as being located in the SE1/4 SE1/4 be removed from said Water Right as it is not part of the Water Right Place of Use.

If you have any questions or need additional information you may contact me at 208-983-1610. Thank you for your consideration.

Sincerely,

Jay G. Eimers
General Manager
