RE: Application for Permit No. 65-13912
Withdrawal of Application for Amendment #76907

Dear Dr. MacGregor:

The Department of Water Resources acknowledges receipt of your withdrawal of the Application for Amendment referenced above. The withdrawal removes your application from any further consideration or action by the Department.

By copy of this letter, the protestant(s) have been informed of this action.

The Department also reviewed the map that you had submitted with your withdrawal that details the pipeline going from your geothermal well to the Pancheri Family's pump sump. Condition #9 of permit 65-13912 requires that the Department approve the specifications and plans regarding the pipeline. Your map is helpful in illustrating where you will be installing the pipeline but information regarding the specifications of the pipe is not clear. Please remit information regarding material type and length of pipe to be installed so the Department can fully evaluate the pipeline.

Please submit proof of beneficial use once the pipeline has been constructed, consistent with your plans and specifications. Please note that proof is due 10/1/2011.

You may contact me at (208) 287-4944 if you have any questions regarding this matter.

Sincerely,

Cherie Padilla, Sr. Water Resource Agent
Water Allocation Bureau
