RE: Water Right Permit Nos. 36-07739, 36-07740, 36-07741, 36-07742, 36-08335, 36-08728, 36-08729, and 36-08730

Dear Permit Holders:

The Department of Water Resources is reviewing the above referenced permits prior to issuing water right licenses. By issuing licenses, the Department confirms the extent of development that has been established in compliance with the terms of the permits. The examiner who verified your water uses reported that certain elements of the permits have been developed differently than described on the permits. Changes that do not increase the authorized use of water under the permits can be requested and approved in accordance with Section 42-211, Idaho Code. Before licenses can be issued, Permit Nos. 36-07740, 36-07741, 36-07742, 36-08335, 36-08728, 36-08729 and 36-08730 must be amended to depict the water uses as actually developed.

Based on the examiner's report, the following elements were developed differently than described on the permits:

☒ **Places of Use**

☒ **Other – Nature of Use**

The enclosed Application for Amendment forms depicts the elements of the water rights as they will appear on the licenses when issued. Please review the amendment forms carefully. If you concur with the information presented, please sign the forms and return them with a \$50.00 filing fee, per amendment form, within 14 days.

We have also enclosed a "Draft" license for Permit No. 36-07739 for your review. This is the only permit that did not require an amendment.

If you have any questions in regard to the amendment forms or the draft license, please feel free to call me at 208-327-7944.

Sincerely,

A handwritten signature in black ink that reads "Kay Walker". The signature is fluid and cursive, with the first name "Kay" and last name "Walker" clearly distinguishable.
