Kerrie,

I'm the right place to start. I'm heading out of the office for the day right now. Will you be in tomorrow or sometime this week? I'll call you so that we can talk and if there are questions that I can't answer I'll find out who can and get the two of you together. Will this be OK with you?

Thank you.

Subject Applications for Stockwater permits

Good Morning;

I have a couple stockwater applications for the Caribou-Targhee National Forest, I was hoping that you could help me find the right person to talk with about these applications.???

I called the office and they didn't know where to send me. The applicant is the CT forest, the signature is by Jeanne Evenden, Director of Lands and Minerals. The applications are to request new water rights for 11N 28E 34 NWSESNE & 11N 32E 12 SESENW.

Do you know who I would talk to about these applications?

If you could let me know I would really appreciate it.

Thanks,

Kerrie A Mathews
