NOTICE OF APPLICATION

The following application has been filed to appropriate the public waters of the State of Idaho, Custer County.

Application for Permit No. 72-16873
PETERSEN RANCH TRUST
C/O GARY PETERSEN
207 PAINTED HILLS DR
IVINS UT 84738

Date Filed: 04/19/2011

Source: GROUNDWATER

Point of Diversion: SE1/4NW1/4, S07, T12N, R19E
IRRIGATION, 04/01 to 10/31 (0.330 CFS)

Place of Use: 20.0 Acres within SENW, S07, T12N, R19E

Comment: Application proposes the diversion of 0.33 cfs of ground water from a new well to be used to irrigate 20 acres of currently irrigated land located approximately 6.0 mi. south and 2.8 mi. west of the HWY 93 and HWY 75 junction south of Challis. The use of groundwater will replace the use of water currently diverted from Bayhorse Creek. This application proposes the diversion and use of water tributary to the Salmon River (a federally designated Wild & Scenic River). The decreed minimum stream flow rights for the federal Wild & Scenic Rivers are subordinate to certain categories of water use and to specific amounts of water use established after the minimum stream flow. The water use proposed in this application will benefit from the subordination provision because it is for replacement purposes. ****Permit will be subject to all prior water rights. ****For specific details regarding the application, please contact IDWR Southern Regional Office at 208-736-3033 or visit the website for the Department at
