Re: Notice of change of water right ownership for water rights now owned by Telford Lands LLC

Dear Joni:

Enclosed for processing is a notice of change of water right ownership for seven water rights that are now owned by Telford Lands, LLC. The water rights are currently in the name of Charles and Fern Isom. As you can see from the attached chain of title, the Isom's conveyed their interest in the property to which the water is appurtenant in 1999 to Isom Acres Limited Partnership. That partnership has recently conveyed the property to Telford Lands, LLC. Copies of both deeds are attached. Additionally, we have attached the required GIS map depicting the place of use of the water rights which covers the entirety of the property purchased by Telford Lands, LLC. Lastly, we have included a check in the amount of \$175.00 as required.

If you have any questions or concerns, please let me know. We should point out that these water rights are currently subject to an SRBA proceeding, and it will likely be necessary for the Department to submit a Notice of Completed Administrative Proceeding (NCAP) to the SRBA court. My understanding is that Michael Holliday is working on these particular water rights, and we would request to make him aware of this administrative change.

We appreciate your attention to this matter.

Best Regards,

Robert L. Harris
