

MEMORANDUM

TO: Transfer No. 77150
FROM: Sharla
DATE: July 19, 2011
RE: Evaluation of Sufficiency of Information Submitted

The transfer proposes to identify the legal description of the place of use and point of diversion under a single right to correct the errors describing pou and pod when the license was issued.

The site is known as Riverside Elementary School.

Deviations from Transfer Policy Standards

This transfer proposes to correct the licensed legal descriptions of the point of diversion and place of use. The physical location of the school and grounds has not changed. Because of this simple correction, advertising is not required and the transfer will be processed without a legal notice.

Summary of Information Submitted

Authority to File: Applicant is owner of record and has authority to file.

Water Right Validity: Right presumed to be valid. SRBA is not applicable to this right developed after 1987. Recent beneficial use confirmed via 2006 and 2009 aerial photography.

Injury to Other Water Rights: None anticipated.

Enlargement of Use: No enlargement will occur; no changes are proposed for diversion rate, volume or number of acres irrigated.

Local Public Interest: Maintaining the landscape and play area for school children is considered in the local public interest.

Beneficial Use/Conservation of Water Resources:

The application proposes beneficial use consistent with conservation of water resources in Idaho.

Review of the application finds there is no clear inconsistency with criteria of I. C. § 42-222 preventing processing of the application.

Summary

Data entry affected the correct record.

Assuming protests are not filed and/or other information does not contradict the above analysis, the application can be approved as reflected by the draft approval.

Condition 046 N/A since a new well is not proposed.
