SUBJECT: Telephone Conversation with Permit Holder

We received a telephone call from one of the permit holders today. Tim Stehr is currently in Virginia, and his Brother picks his mail up for him in Pennsylvania. His Brother plans to mail him the information from IDWR tomorrow. Tim plans to file his proof of beneficial use on the above named permit. His permit lapsed on July 1, 2011. The Lapse Notice was mailed on July 11, 2011. We informed Mr Stehr that the 60 day deadline for filing proof of beneficial use is September 09, 2011.

Mr. Stehr informed us that he and Jennifer are going through a divorce that is not final yet. Once the divorce is final he plans to file an assignment.

Mr. Stehr also inquired into what the department would need in order for him to divert water from a different source. He was informed that it would take the filing of another application with the department in order to do so.

Tim Stehr left this cell phone #570-691-8596.
