Subject: Fw: Water Permit 45-7659 Measuring Device

Dear Allen,

In talking with Kerry Bowen and reading his e-mail, I am concerned that no one has contacted him since I received a copy of what was sent out by Cherie Padilla e-mail through Kerry Bowen from the Boise office. The only contact that I received in answer to my e-mail was just a recognition that my e-mail was received by Brian Higgs. No one else returned my request!

This individual is trying to comply to the letter that was sent by the Boise office pertaining to the Water Permit 45-7659. The following was my first reply that I sent out on 5/9/2011, which included all individuals that I have posted to on this e-mail:

Dear Kerry Bowen,

I received your data and I will be getting in touch with Cherie Padilla tomorrow, so as to protect your Water Permit 45-7659 hopefully!

Like I first stated Marsh Creek Water District 45F covers all drainages north coming off Mt. Harrison and the slopes of the Albion Range to the Anderson Slip at the lower end of Six S Ranch in Declo on Marsh Creek. It does not go any further.

I know what IDWR would require, but I don't know what that Watermaster requires in his or her District which falls in District 45 ____!

Since IDWR developed a Water District 140, which falls under Brian Higgs, who handles Deep Well Irrigation and I suppose Surface Irrigation with other sub-districts of 45. Brian might be the answer! brian@waterwellconsultants.com

Anyway, I will follow-up and find out who is responsible for that district and pending on IDWR direction, I might be the watermaster that gets appointed.

I have cc'd all three party's that I will be dealing with. Thank you,

*Don G. Gunderson, Water Master 45F
Marsh Creek Water District 45F
1047 E. 1000 S.
Albion, ID. 83311
gundy@safelink.net*

Note:

I have yet to be contacted whether it's my place as was directed through Cherie Padilla office or not.... I have never received a notice from IDWR other than the contact made by Kerry Bowen! Please, I need some direction since this is out of my water district.

*Thank you,
Don*
