RE: WATER SUPPLY BANK RENTAL APPLICATION

Dear Applicant:

On May 26, 2008, the Idaho Department of Water Resources (Department) received your application to rent water from the Water Supply Bank (Bank) for irrigation purposes in 2008 and 2009. The application was not processed upon receipt due to a backlog of applications. Department staff contacted you by telephone earlier this year to verify whether you were interested in executing the original rental application for the 2011 season. You indicated that you did not wish to rent water at this time due to wet spring conditions. The Department is returning your rental application since it was not processed prior to the end of the proposed rental period and we do not hold applications for future rentals.

If you would like to rent water in the future from the Water Supply Bank, please submit a new rental application. Application forms and information about the Water Supply Bank are available from the Department's web site at: www.idwr.idaho.gov. Please contact Monica Van Bussum at (208) 287-4907 if you have any questions.

Sincerely,

Cynthia Bridge Clark, P.E.
Staff Engineer, Water Planning Section
