RE: Assignment of Permit for Water Right No. 97-7472

Dear Interested Party:

The Department has received an "Assignment of Permit" form filed for the above referenced water right. The Department is no longer able to process your ownership change through an assignment of permit form for the following reasons.

This water right is no longer in the permit stage, but instead has become an active water right license. The license was issued on January 6, 2009. Once a permit becomes a license, a Notice of Change in Water Right Ownership form is required to complete an ownership change. Therefore, I am returning the assignment of permit form you filed as it no longer applies. I am also enclosing the form titled, "Notice of Change in Water Right Ownership", and instructions for your use.

Once the Department is in receipt of a completed ownership change form, the department will then be able to process the change in ownership for this water right. There is no need to submit a fee associated with the ownership change form, because the Department will reapply the fee you already paid under receipt ID N027550.

If you have any questions, please feel free to contact me at 208-287-4945.

Sincerely,

A handwritten signature in black ink that reads "Darla Block". The signature is fluid and cursive, with the first name "Darla" and last name "Block" clearly distinguishable.
