Monica,

Attached is a map outlining the 133 acres to be irrigated through the water bank rental for the City. I just got an approval today from the City to send this map to you.

Thank you,

Kristin

Hi Kristin,

I just want to follow up on this. I'll be out of the office tomorrow, back in on Monday and then out until July 6th. I'd love to be able to finish this for you before I go on vacation. Thanks!

Monica

Monica,

I have prepared a map, but I have to get approval from the City before I send it to you. Hopefully, I will have a response from them by next week sometime.

Thanks,

Kristin

Hi Kristin,

We received this lease/rental combination and I had the opportunity to speak about it with Pam Skaggs earlier today. It's a unique situation and I wanted to discuss how we've resolved this types of transactions before. Pam advised me

that in transfers we have requested maps outlining the area proposed to be irrigated via the application. If you can provide a map showing 133 acres of irrigation occurring within the City of Rexburg service area, I think that clears the obstacles on this one. I can give you 14 days to provide a map. Please call if you have questions. Thanks!

Monica

MEMORANDUM

To: Water Right File No(s). 22-4130

From: Monica Van Bussum

Date: June 27, 2011

Re: Review of Applications to Lease and Rent a Water Right to the State Water Supply Bank

PURPOSE/NARRATIVE: On June 7, 2011, we received companion lease/rental applications. The lessor, BYU Idaho, wishes to lease all of 22-4130 to the Bank and the renter, the City of Rexburg, will rent the entire right to use on 133 acres in its municipal POU.

AUTHORITY TO FILE: The lease application was signed by Charles Anderson, VP of University Resources for BYU Idaho. The rental application was signed by Richard Woodland, mayor of the City of Rexburg.

WATER RIGHT VALIDITY: The water right was partially decreed in the SRBA in November 2008.

INJURY TO OTHER WATER RIGHTS: No injury is apparent.

ENLARGEMENT OF USE: No enlargement is evident through the lease alone. Proper rental review should protect against enlargement.

LOCAL PUBLIC INTEREST:
Review staff has no information to suggest this application is inconsistent with the local public interest.

BENEFICIAL USE/CONSERVATION OF WATER RESOURCES:
The leases appear to be consistent with conservation of water resources in Idaho.

DEPARTMENT STAFF OR WATERMASTER COMMENTS:
None.

Water Supply Bank Rental Application
