

MEMORANDUM

Date: December 07, 2005
To: Water Right File 37-7460
From: kwalker
Re: Primary Right

This permit was developed as a primary right on 200 acres of land. There were no canal shares on the 200 acres but there are canal shares on the 58 acres that have been included under this proposed license. Therefore, this license is for primary water on 200 acres and only supplemental on the additional 58 acres of the ppu.

CONDITIONS OF APPROVAL

1. This right is limited to the irrigation of 200 acres within the place of use described above in a single irrigation season.
2. This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 4.0 afa per acre at the field headgate for irrigation of the lands above.

State of Idaho
Department of Water Resources
Water Right License

WATER RIGHT NO. 37-07460

3. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 130.
4. The right holder shall maintain a measuring device and lockable controlling works of a type approved by the Department in a manner that will provide the watermaster suitable control of the diversion(s).
5. Water is commingled with shares of Big Wood Canal Company.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code. The water right confirmed by this license is subject to all prior water rights and shall be used in accordance with Idaho law and applicable rules of the Department of Water Resources.

Signed and sealed this _____ day of _____, 2005.
