Jo,
 Shelley forwarded your message to me since he will be out of the office for the next two weeks.

Since the license has not been issued, the Department is willing to accept and consider additional information regarding development of the permit during the authorized period. If you have specific questions about the field exam, you can contact Allen Merritt in Twin Falls, since conducted the exam.

Subject: Astorquia - 37-7460

Phil and Shelley,

I met with Judd and Frank Astorquia yesterday.

If I need to talk with someone in particular about permit 37-7460, please let me know.

Phil, Susan Hamlin-Nygard and I last discussed the priority date issue in May 2006. Susan's recommendation was to leave 37-7460 in permit status to preserve the priority date issue at the SRBA court. The SRBA objection deadline for 37-7460 is November 14.

I believe the permit file is on hold and that there has been no further activity since the correspondence to me in February 2006 (attached). If there are questions about the acres in the PPU and the diversion rate (the field exam), who should I talk to?

I appreciate your guidance.

Jo
