Re: Licensing memo, overlapping wr report, & overlap analysis

The field examiner found that the surface water authorized under this permit was used for the irrigation of 1/2 acre only, there is not an indoor domestic use. There is an overlapping right at the POU, 65-18051. That right is for groundwater and is used for the indoor use. A combined limit will be placed on license 65-13743 to limit the rights to one home.

It appears that there is a new owner of the POU per taxlot data, D Bunn at PO Box 701 in Garden Valley 83622. A copy of the license will be sent to the possible new owner with an ownership change form.
